

# PRO Tape Cartridge EX Long Tape Cartridge

## EX ロングテープカートリッジ

超ロングテープ

超ロング巻！

Economical because the tape  
can be refilled !

45 m long

Lineup

width 12-50mm

high capacity tape

5 or more regular tapes

- \* When compared with 8m winding (e.g. SS12K)

**Reduce costs & improve work efficiency**

Lineup of widths from 12 mm to 50 mm, where large amounts of tape are often consumed

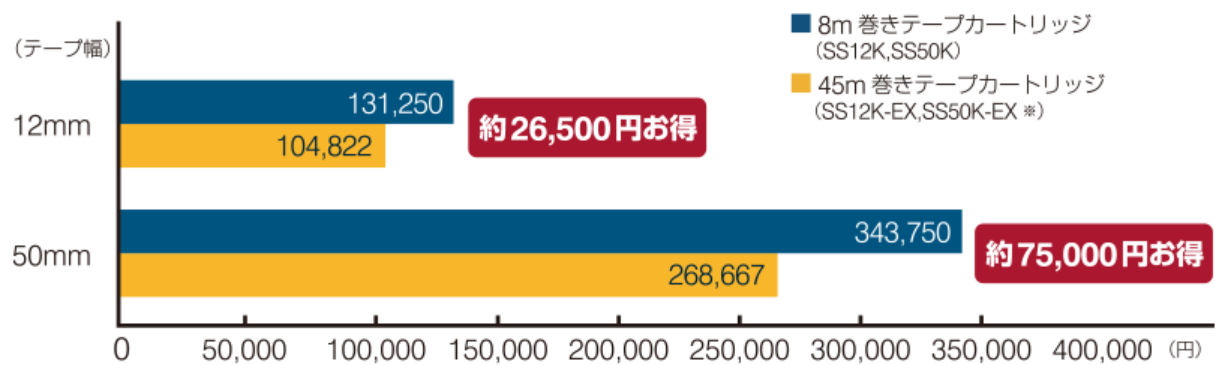

Used for pasting files for equipment storage and credit management

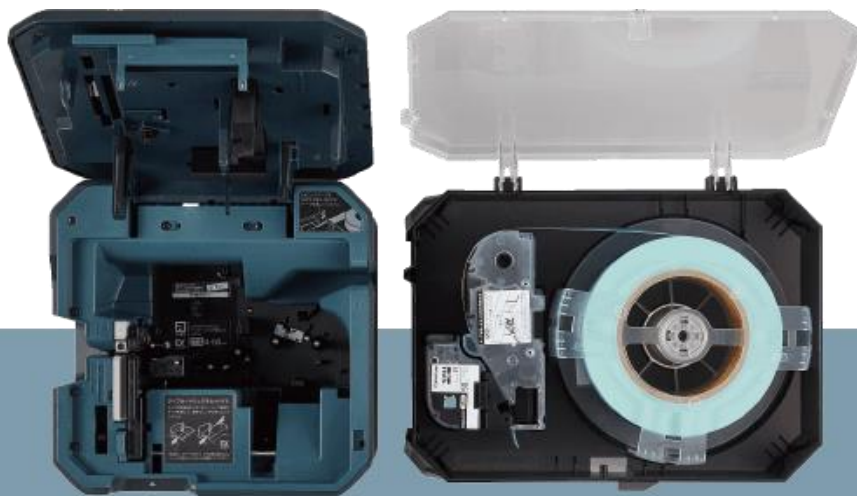

Used in large quantities for warehousing and shipping management of parts and work-in-process goods!

**Great value!** Example of cost comparison when creating 10,000 10cm labels

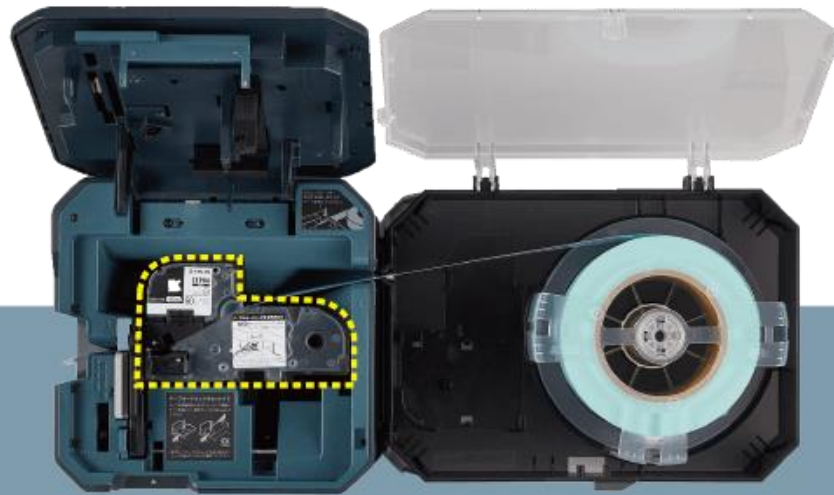

- \*When refilling EX long tape cartridges (SS12K-EXR, SS50K-EXR) are used from the second tape (after using 45m)
